POPULAR SCIENCE
FOUNDED MONTHLY 1872

VOLUME 131 · NUMBER 1
15 Cents a Copy · $1.50 a Year
Published Monthly by
Popular Science Publishing Co., Inc.,
353 Fourth Ave., New York

TABLE OF CONTENTS for JULY, 1937

Damming Rivers of Fire 21
WARD MADDEN *tells how a Hawaiian city will be guarded against volcanic eruptions*

These Simple Hints Will Help You Learn Surfboard Riding . . 24
After this lesson by PAUL W. GARTNER, *all you need is a board and a wave*

Master Builder of Speed 30
ANDREW R. BOONE *introduces you to a man who grooms racing cars for the roaring road*

Man-Made Suns Created in Novel "Star Factory" 32
A visit with STERLING GLEASON *to an astonishing astronomical laboratory*

When Lions and Tigers Mix in the Circus 40
Assorted jungle cats make a dangerous combination, according to JOHN E. LODGE

Amazing Cameras Built by Invalid as a Hobby 42
WALTER E. BURTON *relates how an interest in photography helped the doctors*

How Expert Glass Blowers Make Artificial Eyes 48
Pictures let you watch these deft craftsmen at their work

You Can Be a Plant Wizard 56
Mysteries of cross-breeding explained by ARTHUR HAWTHORNE CARHART

July, 1937, Vol. 131, No. 1. **Popular Science Monthly** is published monthly at 353 Fourth Avenue, New York, N. Y., by the Popular Science Publishing Co., Inc. A. L. Cole, President and Treasurer; R. C. Wilson, Vice President; John Nichols, Vice President; C. D. Freeman, Vice President; F. W. Briggs, Sec'y. Entered as second-class matter Dec. 28, 1918, at the Post Office at New York under the act of March 3, 1879; additional entry as second-class matter at Dayton, Ohio. Entered as second-class matter at the Post Office Department, Canada. Printed in U. S. A.
Copyright, 1937, by the Popular Science Publishing Co., Inc.
Single copy, 15 cents. Yearly subscriptions to United States, its possessions, and Canada, $1.50; foreign countries, excepting Canada, $2. Subscribers must notify us of change of address four weeks in advance of the next publication date. Be sure to give both old and new address. The contents of this magazine must not be reprinted without permission. The editors are not responsible for unsolicited contributions, and cannot guarantee the return of such material or insure against its loss. Contributions not accompanied by sufficient postage will not be returned. In presenting numerous stories of new products of applied science, Popular Science Monthly does not underwrite the business methods of the individuals or concerns producing them. CONTENTS for AUGUST 1937

Marvels of Underground Oil Railroads ..... *Edwin Teale* 19
Fluid freight flows through a vast network of pipe lines

Why We Enjoy Pain 22
Modern psychology traces common habits to mild forms of self-torture

Fire-Bug Hunters ..... *Andrew R. Boone* 28
How arson sleuths make war on incendiaries

One-Man Inventions Are Rare ..... *Aubrey D. McFadyen* ... 36
Patent records reveal gradual growth of great "discoveries"

Making Harness-Horse Champions ..... *John E. Lodge* 38
Trotters and pacers get that way through arduous training

Musical Magician ..... *George Dacy* 46
A college professor coaxes tunes from odd materials

Ride Your Hobby on a Train 56
Railroads play hosts to enthusiasts in many fields

What I Learned Spying on Ants ..... *Donald Culross Peattie* . 62
Secrets of insect civilization observed in an artificial nest

A tense moment in a harness-horse race. Read on page 38 about the revival of this thrilling sport

POPULAR SCIENCE Monthly

Volume 131 — Number 4

RAYMOND J. BROWN, EDITOR
ARTHUR WAKELING, Home Workshop Editor
ALDEN P. ARMAGNAC, Associate Editor
GEORGE H. WALTZ, Jr., Associate Editor
SYDNEY OXBERRY, Art Editor

CONTENTS for OCTOBER 1937

New Worlds Beneath the Sea ..... Edwin Teale 29
Davy Jones's locker yields a vast field for exploration

How Music Heals the Sick ..... E. W. Murtfeldt 32
Physicians and psychiatrists prescribe melodies for maladies

Trapping Wild Horses ..... Charles B. Roth 38
A thrilling adventure among the mustang hunters of the desert

Marionettes Go Hollywood ..... Philip Bailey 40
Puppet players perform in new musical motion picture

Beating Robin Hood 46
Photographs show amazing feats of modern archers

Snake Hunter ..... Andrew R. Boone 54
Capt. Donavin Miller catches rattlers to learn their secrets

Are You a Good Detective? ..... Robert E. Martin 56
How you can help police to solve crime mysteries

How Tough Is Your Camera? ..... Walter E. Burton 66
Photographic equipment gets the third degree in an odd laboratory

A wild horse getting his first taste of civilization. A thrilling story on page 38 tells of trapping mustangs
